OFF WITH THE WAR TAXES.

The old Whig journal that has, behind the mask of Democracy, stabbed one Democratic Presidential candidate and grossly insulted and abused another, keeps saying that "the Democrats can be beaten next year only by trying to force free trade."

By "forcing free trade" it means the reduction, by ever so little, of the unjust and superfluous war taxes on the necessaries of the people.

It is Republicanism, not Democracy, that a war tariff of 47 per cent., producing a surplus of over \$100,000,000 a year, shall be perpetuated at the demand of the monopolies that it has created.

In national convention and State conven tions, in the messages of its President and the reports of its Secretary of the Treasury. the Democracy has demanded that the surplus be stopped by a reduction of the tariff. Elections are not carried upon broken

But most of these excuses are flimsy. They are all inadequate. They are apparently manufactured for the emergency.

The charges of discrimination are main tained in almost every instance by documentary evidence. The extenuating testimony of the railroad agents is promptly controverted by their own letters produced by the complainant. Thus brought to bay, the confused witnesses for the Standard Oil habitually offer the explanation of "clerical

THE GENTLE ANARCHIST.

What a wonderful change has come over the spirit of the Anarchists! According to the testimony in Mosr's behalf, the wolf has become a lamb.

His mild and docile nature has been grievously misunderstood. Instead of eating fire, instigating murder and brandishing bombs, Mosr talked " quietly and peaceably, then in a mournful, sorrowful tone " that

brought tears to the eyes of his soft-hearted SOCIETY AFFAIRS OF NOTE

It appears now that Anarchy's weapon is not the bomb, but the pen, and that its real object is "to have everything upright and straight" and a society where there are no criminals.

The Chicago lesson seems to have had s very salutary effect.

A certain comeliness had been given to the head that rested on the creamy white satin lining to the coffin by the grim art of the undertaker, and the discolored marks of the contusions which caused his death had been removed. His brown hair was parted in the middle and his light mustache neatly trimmed.

At the back of the coffin a huge brass crucifix rose. Back of it was a candelabrum with flaring candles.

The room was filled with profuse floral tributes sent by friends. One beautiful pillow, formed of the most delicate flowers, bore a card with no name, but the passionate inscription: "Mo my Johnny," in a woman's handwriting.

Several of the tributes were from brother jockeys. "Daredevil" Fitzpatrick sent a handsome wreath. Another elaborate composition, "The Gates Ajar," in white chrysanthemums, was from James McLaughlin. A large cross of ivy-leaves and Puritan roses was from James Devine, and another read: "Sympathy of James Browfi, Excelsior Stables."

At the last seven performances the average receipts were \$1,412 per performance. This extremely fertile engagement occurred during the excitement attendant upon the hanging of the Anarch ists, and with such stars as Joseph Jefferson, Booth and Barrett and Nat Goodwin in the city.

Thanksgiving receipts throughout the metropolis were, like the breakfast cocoa, grateful and comforting. They exceeded those of last year by a very considerable sum. Wallack's was crowded at both performances, and the Grand Opera-House, with "A Parlor Match," took in over \$2,500 during the day. The Lyceum Theatre receipts were the largest known at that house since the night when it was opened. The Bijou Opera-House exceeded its business of last year by about \$500.

the Court of Appeals are very strict in their secrecy about decisions. It was his opinion, however, that a decision would be handed down next Tuesday, and he is confident that the decision will be against Sharp.

Mr. Peter Mitchell, one of Sharp's lawyers, is as confident that the Court of Appeals will grant Sharp a new trial. He thinks that the judges will hold that Judge Barrett erred in admitting the evidence given by Sharp in the Senate Investigation.

admitting the evidence given by Sharp in the Senate Investigation.

W. Bourke Cockran is also hopeful of a new trial being granted Sharpe. Mr. Cockran is out of town. He is spending a few days on a Long Island farm.

No one seems to know who is writing the decision in Sharp's case. Some say that Judge Rapallo is at work on it, while others aver that Judge Ruger is preparing the decision.

aver that Judge Ruger is preparing the decision.

Judge Rapallo rested more comfortably last night and his physician thinks that there is a slight improvement in his condition today. Regarding the announcement that he was to write an opinion on Sharp's appeal nothing could be learned from any of the members of his family this morning.

A rumor that Sharp is dying is also without foundation.

Mr. McHenry is interested in the New York, Pennsylvania and Ohio Kailroad, which grew out of the old Atlantic and Great Western, but Mr. William W. McFarland, one of the directors of the road, who has a law office in the Mills Bnilding, said to-day that the difficulty between the two London capitalists would have no effect upon the company. Mr. MacFarland said that the trouble grew out of the financial dealings of the parties litigant during the existence of the Atlantic and Great Western corporation, but that it was wholly of a private nature.

While Mrs. Mary Biedermann, a wealthy lady living at 961 Washington avenue, in the annexed district, was driving in Lexington avenue yesterday afternoon, she attempted to cross One Hundred and Twenty-fifth street rapidly, but before she succeeded in clearing the cable railroad tracks there, a car came running along and struck the little

Kitty McKernan Not Ill Five Days Ago. The Allman House is no longer the abode of Dr. Cleveland Goff and Miss Kitty McKernan. Pive days ago the doctor packed up and went to parts unknown. Miss McKernan accompanied him and appeared to be in the best of health and spirits, although now it is reported that she is dangerously ill. Since the charges of larceny and adduction made against him by the girl's father on Staten Island were disposed of, Dr. Goff has sued Kitty's father for false imprisonment. He has also begun other suits with a view of vindicating himself.

Serious Charges by an Immigrant Girl. Charles Meyer, of 26 Eighth street, was held in \$500 ball at Essex Market, yesterday, on a charge of criminal assault preferred by Mary Gets, aged eighteen, who came to this country six months Meyer's house in answer to an advertisement and was employed there as a servant. Meyer and his wife, she says, make a business of enticing girls to their house by advertisements and then sending them to lives of shame. The Meyers deny this.

It seemed a pity the burlesque games of the Nassau Athletic Club, at Washington, Thurs-day afternoon, couldn't have been regular, but too many of the athletes have gone out of training. Over 3,000 spectators were present, and this gathering reminded one of intercollegiate or championship days. Banks, jr., and P. D. Skillman. The value of skating as an exercise will be appreciated when it is told that many people think that New York Athletic Club man, G. Y. No one regrets more than the writer that the unapproachable middle-weight, Jack Dempsey, has injured himself with the club men by his conduct while seconding McAuliffe against Carney. The gentlemen who were yesterday asked to contribute to a purse for Reagan and Dempsey said: "We do not wish for further dealings with any one instrumental in robbing Carney of a well-earned victory."
